

## FOR A NEW OFFICE

### The Act for a General Employment Agency.

Presidential Appointment—Office in Honolulu—Duties—Fees Go Into Treasury as Realization.

This is the text of the "General Employment Agency" Bill introduced into the House by Minister Cooper:

Section 1. The President shall establish a general employment agency by appointing, with the approval of the Cabinet, with the power of removal upon similar approval, a suitable person who shall be known as the Employment Agent and who shall keep an office in Honolulu for the purpose of receiving applications for employment and for workers, and also for promoting the hiring of candidates for employment by those desiring workers.

Section 2. The Employment Agent shall receive at regular specified hours applications for employment and shall record the names and places of residence of the applicants, with such information as to their competency, previous engagements and termination thereof, and their reputations as to industry and steadiness as shall be obtainable and desirable; also applications of employers for workers, and to record the names and places of residence of the applicants, and their requirements as to the desired workers, with such information as to the contemplated employment, wages, house accommodations, cost of living, and other matter appertaining to the contemplated hiring as shall be desirable.

Section 3. The Employment Agent shall from time to time, as he shall consider necessary, give public notice in some newspaper or by poster, of the wants of employers and of those seeking employment respectively, according to applicants recorded in his office as aforesaid.

Section 4. The Employment Agent shall use his good offices in bringing employers and candidates for employment together and to promote engagements for work upon a fair understanding and reasonable terms in those cases in which he can recommend both parties to each other in the relation of employer and employee.

Section 5. The Employment Agent shall charge and receive for the benefit of the treasury, the following fees and no others, to wit: for recording applications for employment, 25 cents; for recording applications for workers, 25 cents.

Section 6. The Employment Agent shall receive for his services under this Act, such salary as shall be appropriated by the Legislature for that purpose.

#### Larger Cemetery.

The act in the House for the purpose of providing a new cemetery for Honolulu vests authority of selection of ground in the Cabinet and the Council of State. When the report recommending the passage of the bill was presented yesterday, it met with distinct opposition from one man. L. L. McCandless said he understood that acreage was to be taken seven miles from town. He proposed an amendment confining cemetery sites for Honolulu within the bounds of the district of Kona. Mr. McCandless suggested a place near Moanalua and another near Palolo. He said that a distant cemetery would work a great hardship on poor people. Mr. McCandless cited that during April there had been buried 52 children under the age of five years. In most of these cases but a single carriage had been used. If it had been required to go to a distant cemetery that expense would have been a heavy burden.

#### For Consumptive Ward.

The plan to have in connection with the Queen's Hospital a ward for consumptives was discussed yesterday by the Cabinet and Messrs. F. A. Schaefer, J. B. Atherton and John F. Eckardt, representing the hospital. The special inquiry was as to what financial support the Government would give the new departure. It is understood that President Dole and the Ministers favor the idea. The question of locating the ward on the premises to the hospital was not made the subject of discussion.

#### Happily Mated.

A very pretty wedding was that of Miss Lola K. Bush and Mr. Charles A. K. Hopkins at the home of the bride's mother on Emma street last evening. None but the immediate friends of the family were present, these constituted in all, about 30. The parlor where the ceremony took place, was decorated beautifully with flowers and ferns appropriate to the occasion. The bridegroom entered the room first with his best man, Mr. Charles Rose. The bride

then entered on the arm of her brother, Mr. William Bush and was followed by the maid of honor, Miss Annie Clarke. The short and impressive ceremony was performed by the Rev. H. H. Parker of Kawaiahae Church. This over, the guests of the evening congratulated the newly married couple and then came a sumptuous supper. Mr. and Mrs. Hopkins left last night for a honeymoon trip of a week or ten days, to be spent at the home of Mr. William Hunt in Waialeale.

#### Kilauea Cyclorama.

Word was received by the last mail that the very advantageous site assigned the Kilauea Volcano Cyclorama several months ago for the Omaha Exposition, had been given to another attraction. The space, which was on the main court, was held till Mr. Hobron wired that he would not leave here to handle the attraction. Effort was made to continue the option, but failed. Martin Smith learned this on arrival in the States. An offer has been made to locate the cyclorama on the Midway, but it is doubtful if the lessees accept this. The Midway is the home of the cheap and lesser attractions and the cyclorama will scarcely be exploited in such company.

#### Condition of Minister King.

Capt. James A. King, Minister of the Interior, is again out of office temporarily. He returned but a few days ago from Sydney, having made a trip to that place on account of an illness from which he had suffered for many months. Captain King's condition was much improved by the voyage, but after being on duty in the Cabinet again for a few days he finds that he is not entirely recovered and will at once look to his health. The trouble now is insomnia, which it is believed can be remedied by a visit to Hawaii. Henry E. Cooper, Minister of Foreign Affairs, is again acting Minister of the Interior.

The Westfield (Ind.) News prints the following in regard to an old resident of that place: "Frank McAvoy, for many years in the employ of the L. N. A. & C. Ry. here, says: 'I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for ten years or longer—I am never without it in my family. I consider it the best remedy of the kind manufactured. I take pleasure in recommending it.' It is a specific for all bowel disorders. For sale by all druggists and dealers. Benson, Smith & Co., Agents for Hawaiian Islands."

The best at the lowest price at HOPP'S.

## Facts Command Attention.

Our advertisements are accepted literally because they are written literally. They're the photographer's sensitive plate, picturing what is before them as it is. With a stock of the best qualities we must say BEST. Compare our claims and our offering and you'll find that they tally exactly. What need have we for exaggeration?

Last week we advertised that we would sell dining room chairs at an inside figure, and the response to our offer was so generous that we are tempted to offer you something entirely new to this trade. This week

#### JUST TEN OF YOU

can each get a FIBRE MAT at the price you would pay for an ordinary one. These mats are something strictly new—they are sample sent us on approval. You can have them at a price that will be sure to meet with YOUR APPROVAL.

We are quite sure that you can't duplicate these handsomely made mats in this market. At any rate you can't DUPLICATE THE PRICE.

We also have a line of

#### CORNICE POLES

finished in white enamel, oak and light woods of various kinds. These also will go for an inside figure.

Come in and see, there'll be no obligation to buy.

If you have never tried us on repairing and upholstering you don't know what old furniture looks like after it has passed through our hands.

MANUFACTURERS OF PURE BONE FERTILIZERS AND PURE BONE MEAL.

.....DEALERS IN.....

## Fertilizer Materials!

OF EVERY DESCRIPTION.

Have constantly on hand the following goods adapted to the Island trade:

HIGH GRADE CANE MANURE, FERTILIZERS, NITRATE OF SODA, SULPHATE OF AMMONIA, HIGH GRADE SULPHATE OF POTASH, FISH GUANO, WOOL DUST, ETC  
Special Manures Manufactured to Order.

The manures manufactured by the CALIFORNIA FERTILIZER WORKS are made entirely from clean bone treated with acid, Dry Blood and Flesh, Potash and Magnesia Salts. No adulteration of any kind is used, and every ton is sold under a guaranteed analysis. One ton or one thousand tons are almost exactly alike, and for excellent mechanical condition and high analysis have no superior in the market.

The superiority of Pure Bone over any other Phosphatic Material for Fertilizer use is so well known that it needs no explanation.

The large and constantly increasing demand for the Fertilizers manufactured by the CALIFORNIA FERTILIZER WORKS is the best possible proof of their superior quality.

A Stock of these Fertilizers will be kept constantly on hand and for sale on the usual terms, by
